## EXPERIENCE

### **Marist College Security, Poughkeepsie New York, USA - Student Safety Assistant (2023 - 2024)**

- Superintended and dispatched employees by coordinating and managing teams that provided transportation for students to and from class on golf carts and offered a safe walking service to avoid traveling alone on campus at night.
- Liaised with supervising security officers to improve the efficiency of response and the safety of students on campus.
- Addressed emergency phone calls and handled incidents safely and efficiently.

### **CBM (IBM platinum business partner), Beirut, Lebanon - SIEM cybersecurity engineer Intern (2023)**

- Collaborated with the SOC (Security Operation Center) team to monitor and analyze security events and incidents.
- Configured and deployed IBM QRadar SIEM, and created rules, offenses, and dashboards to optimize threat detection and response.
- Supported incident response efforts by investigating security incidents, and breaches, helping to identify the root cause, and implementing preventive measures.

### **Lyst Technologies, Beirut, Lebanon - Information Technology Intern (2021)**

- Assisted with computer network security by scanning for vulnerabilities and malware, investigating system problems, and setting up new workstations for lab work.

### **Mazzika Group, Jal El Dib, Lebanon - Sales Representative Intern (2020)**

- Served customers by selling high-tech electronic equipment.
- Helped customers find items in the store and provided them with information.
- Set up the hardware of an opening Internet Cafe and install the appropriate software.

## EDUCATION
